

FLI Seminar

Common gene regulatory strategies in the DNA Damage and Integrated Stress Response Pathways

Speaker: Morgan Sammons

Associate Professor of Biological Sciences, and
member of the RNA Institute, at the University at
Albany, State University of New York

Date: Thursday, July 13, 2023 at 2:30 pm

**Location: Seminar room „Nucleus“, FLI 1
Beutenbergstraße 11, Jena**

Host: Martin Fischer

Steve Hoffmann (Group leader: Computational Biology)

The seminar will take place as an in- person event.
