Curriculum Vitae

Education/Degrees

1982 - 1988 Study of Biochemistry, University of Tübingen
1988 Diploma degree
1989 - 1992 PhD, Max Planck Institute of Biochemistry, Martinsried
1992 PhD Degree (*summa cum laude*)
1999 Habilitation for *Genetics*, University of Karlsruhe

Research positions

1992 - 1993 Research assistant at the Max Planck Institute of Biochemistry
1993 - 1996 Research Fellow at Massachusetts General Hospital Cancer Center,
Boston, with Dr. Daniel Haber (Laboratory of Molecular Genetics)
1996 - 2001 Junior group leader at the Institute of Genetics, Research Centre Karlsruhe
02-09/2001 Deputy Director of the Institute of Genetics, Karlsruhe
2001 - 2002 Vice President at Epidauros Biotechnologie AG, Bernried
2002 - 2004 Assoc. Professor for Physiological Chemistry, University of Würzburg
since 2004 Full Professor for Molecular Genetics at the Leibniz Institute on Aging –
Fritz Lipmann Institute / Friedrich-Schiller University Jena

Other

2003 - 2004 Chairman of the study commission “Biomedizin”, University of Würzburg
2003/2004 Initiator and speaker of the DFG-Graduiertenkolleg “Molecular basis of
organ development in vertebrates”, Würzburg
2008 - 2016 Member of a DFG study section
since 2009 Member of the SAB of ZAMED (Zentrum für Angewandte Medizinische und
und Humanbiologische Forschung), University Halle
09/2010 Max Bürger Prize from the *Deutsche Gesellschaft für Gerontologie und
Geriatric*
since 2010 Editorial Board member of the journal “Cells”
since 2011 Academic Editor for “PLoS ONE”
since 2015 Editorial Board member of the journal “Experimental Gerontology”
2018 Thuringian Research Award
since 2019 Member of the DFG senate
